AMUTECSrl

Sectors:

[Plastics and Rubber](#) ^[4]

Region:

Toscana

Overview:

AMUTECS has been established in the marketplace since 1995 and is one of the leading manufacturing companies for the construction of bag-makers and attachments for the manufacture of plastic bags.

Our products are distributed in more than 30 countries around the world.

Our premises are only 25 Km. from downtown Florence and is easily reachable from the airports of Florence, Pisa and Bologna or by road either from Rome or Milan via the A1 motorway.

Production

Welding machines: bags and sacks

The vast experience acquired by the management at AMUTECS in the specific sector of bag-making construction allowed the company to develop innovative machinery technologically and reaching a high standard of quality and automation.
