Eima Show Umbria 2017

Technology and innovation are the leading players in the EIMA Show Umbria, an event dedicated field trials of precision agriculture machinery and equipment organized by [FederUnacoma](#) ^[12] along with the [Coldiretti Umbria](#) ^[13], the [UmbriaFiere](#) ^[14], [University of Perugia](#) ^[15], the [Agraria Foundation Institution](#) ^[16], [Cesar](#) ^[17], [Consorzio Agrario dell'Umbria](#) ^[18] and [Dipartimento di scienze agrarie alimentari ambientali Perugia](#) ^[19].

This is an important occasion for witnessing in action the most advanced mechanical solutions -- soil preparation, seeding, fertilization, irrigation, haymaking - for improving farm productivity, achieving high quality standards for products, optimizing production costs and reducing impact on the environment.
