VALTORTA srl (BATTAGGION Group)

Sectors:

[Plastics and Rubber](#) ^[4]

Region:

Lombardia

Overview:

Valtorta develops and manufactures mixing equipment, as well as process plants for the chemical industry. We are specialized in the production of machinery for powders and granules, as well as for all liquid and pasty products, characterized by low to medium, ensuring the market a wide range of products.

Valtorta belong to Battaggion's Group, along with Molteni. Nowadays, the collaboration and the experience exchanged between our three companies allowed us to improve our designs and to be always updated in the different fields of application.
