## PRESS RELEASE

### PLAST 2018: online press pre-registration available up to April 27

For journalists and press operators planning to visit PLAST 2018–International Exhibition for Plastics and Rubber Industries (May 29-June 1, 2018 at the FieraMilano fairgrounds in Rho) – an online pre-registration service is available up to Friday April 27, 2018.

Journalists preregistering will receive a pass that allows them to enter the show – as well the concurrent events which join The Innovation Alliance (<http://www.theinnovationalliance.it/?lan=en>) - free of charge throughout the entire duration, and to access PLAST 2018 Press Office (located at the service center of FieraMilano), which has the same opening hours as the exhibition.

Preregistration also entitles users to free vehicle access and parking at the fairgrounds as explained on the final confirmation receipt, which will be sent via email on or before May 20, 2018, after the registration has been verified by PLAST 2018 Secretariat.

You will find the preregistration form here:

<http://ticketonline.fieramilano.it/tia/plast/2018/press/index.jsp?lang=en>

Journalists not preregistering online may still request a press pass for free access to the show by providing their personal press card or letter of appointment of the editor at the PLAST 2018 receptions and filling out the registration form they will find there.
